📍 Current: Thakurgaon, Bangladesh

🏠 Permanent: Fazilpur, Taraganj, Rangpur, Post Code: 5420

🎯 Career Objective

As a skilled MERN Stack developer, I aim to work in an organization where code is not just technology—but a solution to real-world problems through scalable and user-friendly web applications.

👤 Professional Summary

- Proficient MERN Stack Developer (MongoDB, Express.js, React.js, Node.js)
- Skilled in building responsive, secure, and scalable full-stack web applications
- Experienced with RESTful API integration and Firebase Authentication
- Strong command over React Router, Tailwind CSS, DaisyUI, and Git version control
- Passionate about clean code, problem-solving, team collaboration, and continuous learning

📁 Core Technical Skills

- MERN Stack (MongoDB, Express.js, React.js, Node.js)
- REST API Development & Integration
- Firebase Authentication
- React Router, Tailwind CSS, DaisyUI
- Version Control (Git & GitHub)
